Registration and Licensing

ZMS

A- Boat Registration: Complete FTA, DMCA, and UAE registration for commercial and private boats.

We handle the complete registration process for commercial and private boats under FTA, DMCA, and UAE regulations, ensuring full compliance and a hassle-free experience.

B- Condition Surveys: Detailed inspections for yachts to assess seaworthiness and value.

We streamline boat renewal and ownership transfer processes, ensuring quick, efficient, and hassle-free transactions.

C- Seaman & Boat Driver Licensing: Assistance with FTA and DMCA certifications.

We assist in obtaining FTA and DMCA certifications for seamen and boat drivers, ensuring your crew meets all regulatory requirements.

Maintenance and Surveys

ZMS

A- Boat Maintenance: Routine and specialized services to keep your vessel in prime condition.

We provide routine and specialized boat maintenance services to ensure your vessel remains in optimal condition and operates at its best.

B- Renewal & Transfer: Simplified renewal and ownership transfer processes.

We provide routine and specialized boat maintenance services to ensure your vessel remains in optimal condition and operates at its best.

C- Vessel Deregistration: Hassle-free management of end-of-service procedures.

We provide routine and specialized boat maintenance services to ensure your vessel remains in optimal condition and operates at its best.

Safety and Compliance

ZMS

A- Tasneef Boat Safety Plan & Stability: Developing safety plans and stability assessments to meet Tasneef standards.

We create detailed safety plans and conduct stability assessments to ensure your vessel complies with Tasneef standards and operates safely.

B- Antenna Installation: Professional installation services to enhance communication and navigation capabilities.

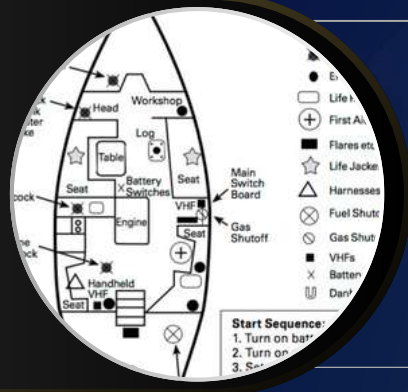

We offer professional antenna installation services, enhancing your vessel's communication and navigation capabilities for improved performance.

C- Marine Insurance: Comprehensive solutions to protect your vessel.

We provide comprehensive marine insurance solutions, ensuring full protection for your vessel against risks and unforeseen events.

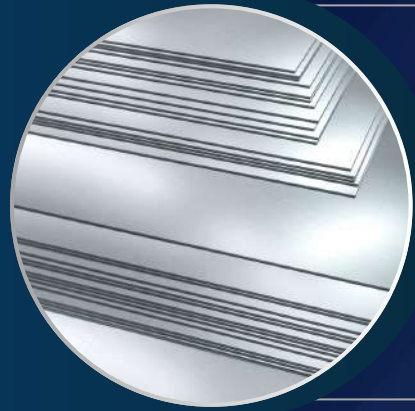

E- Stability Booklet: Detailed reports for safe vessel operations.

We prepare detailed stability booklets to ensure your vessel operates safely, meeting all required safety and operational standards.

A- Diverse Material Range

- **Comprehensive Selection** : We provide a wide range of shipbuilding materials, including high-quality steel, aluminum, and advanced composite materials.
- **Emergency Preparedness** : These courses cover essential safety protocols and emergency response procedures, enabling participants to effectively handle critical situations and minimize risks.

B- Timely Delivery

- **Efficient Logistics** : Our dedicated logistics team ensures that materials are delivered on time, anywhere in the world.
- **Maintaining Schedules** : By leveraging a robust and efficient supply chain, we help clients meet tight deadlines and keep their projects on track.

C- Custom Material Solutions

- **Tailored to Your Needs** : We cater to specific project requirements by providing custom material solutions that meet unique specifications.
- **Specialized Applications** : Our expertise enables us to adapt materials for specialized marine and shipbuilding applications, ensuring optimal results.

Equipment and Training

ZMS

A- Safety Equipment Supply: Wide range of compliant onboard safety gear.

We supply a wide range of compliant safety equipment, ensuring your vessel is fully equipped to meet safety regulations and protect your crew.

B- Marine Safety Training: Programs to boost safety knowledge and practices.

We offer marine safety training programs designed to enhance safety knowledge and practices, ensuring your crew is well-prepared for any situation.
